### Annual Report 2009

Churches should have received the Annual Report e-mail and instructions on January 4, 2010. Please check email inbox and spam box . Also note that only churches that do not have an e-mail address with the National Office database will receive a hard copy this year. The deadline for churches to complete their Annual Report will be **February 26, 2010**. If you have any questions contact Eileen Olivo : [elivo@metrocm.org](mailto:elivo@metrocm.org)

### Immigration & Haiti

Laurie Woog, immigration attorney has provided reliable immigration service to the Metro District for the last ten years and her rates are reasonable. Regardless of whether you use her she would like the people in the Haitian churches to know that US immigration is offering a new Temporary Protected Status and work authorization. This will protect from deportation and allow someone to work for at least 18 months as long as they were here Jan. 12 and remain here.

Contact info - (908) 233-0076
