Haiti - Need

A team is forming to train pastors, spouses, and other church leaders in Haiti in ministering to those experiencing post traumatic stress disorder. Two or three more team members are needed. They should have experience in PTSD counseling, and have a passport to travel within the next 3 to 4 weeks. Intercultural/missions experience is a plus. The team will be serving beside CAMA Services as they begin the work in the earthquake damage area of Haiti. If interested, please contact

Ann Georgi at 803-397-9397 for details.

The Theology of work: A 3 credit intensive course offered at Nyack/ATS. [June 21–26 Monday – Thursday](#) or a seminar version offered [June 27 & 28 Friday & Saturday](#).
